Seminar Titled from Envoicing to Devoicing: How GenAI-produced Texts Compare with Authentic Student Writing

Thursday, May 22, 2025

The Department of English, AIUB, hosted a seminar titled "From Envoicing to Devoicing: How GenAI-produced Texts Compare with Authentic Student Writing". The event featured a presentation by A B M Shafiqul Islam, a PhD student and Graduate Teaching Assistant at the Department of English, Illinois State University (USA).

Islam's paper, a part of his ongoing PhD research, explores the growing concern of Generative AI (GenAI) tools like ChatGPT, Gemini, and Copilot dominating writers' voices in academic writing. The study addresses the prevalent question by comparing five AI-generated texts with five student-written compositions from a

college writing class at Illinois State University, USA.

The findings of research show that while student writing may include more grammatical errors and informal language, it also carries more personality, risk-taking, and rhetorical richness. AI, on the other hand, produces polished, organized, and neutral texts that often lack a sense of personal voice.

Mr. M Hamidul Haque, Head, Department of English, joined as the Chief Guest.

Tuesday, May 27, 2025

On May 27, 2025, the Department of Economics, AIUB, organized an informative lecture titled “E-Filing Simplified: A Guide to Tax Returns”, aimed at enhancing students’ basic understanding of income tax filing and digital tax procedures in Bangladesh.

The lecture was conducted by Mr. Abu Taher, District Legal Aid Officer and Senior Assistant Judge, Tangail. Drawing on his extensive experience in the legal and public sectors, Mr. Taher provided a clear and practical overview of the e-filing process, highlighting its

importance in ensuring transparency, efficiency, and ease in the country’s tax system.

This activity was designed to complement theoretical coursework by exposing students to real-world administrative practices and legal frameworks.

The session concluded with an engaging Q&A segment, allowing students to interact directly with the expert and clarify their queries.

AIUB Hosts Field Visit as Part of South Asia Regional Workshop on Inclusive Clean Energy Transitions

Tuesday, May 27, 2025

On May 27, 2025, AIUB hosted a field visit as part of the South Asia Regional Workshop on Inclusive Clean Energy Transitions in Bangladesh, Maldives, and Sri Lanka. The delegation included representatives from the Asian Development Bank (ADB), the University of Melbourne, scholars from the region, and Grameen Shakti Ltd.

Dr. Carmen Z. Lamagna (Member, Board of Trustees, AIUB) delivered the welcome address, followed by Mr. Soheli Ahmed (Managing Director, Grameen Shakti Ltd.) who presented on their solar initiatives. Prof. Dr. Md. Abdur Rahman (Pro Vice-Chancellor, AIUB) highlighted AIUB's green energy efforts.

Guests toured the campus, including solar-powered innovations and vehicles, before joining an open discussion led by Ms. Reihana Mohideen (Principal Advisor, Nossal Institute, University of Melbourne). Mr. Francesco Tornieri (Principal Social Development Specialist, ADB) shared his insights on inclusive energy transitions and thanked AIUB.

The event concluded with remarks from Prof. Dr. Saiful Islam (Vice Chancellor, AIUB). Dr. Hasanul A. Hasan (Vice Chairman, Board of Trustees) was also present.

AIUB Environment Club Members Participated in UNESCO Youth Workshop

Tuesday, May 27, 2025

The Bangladesh National Commission for UNESCO (BNCU), in collaboration with UNESCO Dhaka, organized a day-long workshop titled “Youth Engagement in UNESCO: Priorities and Opportunities” on May 27, 2025, at the International Mother Language Institute.

Representing the AIUB Environment Club, two CSE students—Lamia Nur (ID: 22-46920-1) and Md. Farhan Shahria Arik (ID: 24-59843-3)—participated in the workshop.

The program convened youth organizations, university students, young professionals, and educators to explore UNESCO’s

youth-centric policies, initiatives, and global engagement platforms.

Distinguished Speakers and Guests included Dr. Susan Vize, Head of Office and Country Representative, UNESCO Dhaka; Ms. Nuzhat Yasmin, Additional Secretary, SHED, Ministry of Education; Ms. Zubaida Mannan, Deputy Secretary General, BNCU; and Youth Leaders Sadia Jafrin (CEO, GYRF) and Rokaiya Ahmed Purna (Founder, Design in Bangladesh).

A notable feature of the workshop was the Youth as Researchers (YAR) program. The event concluded with interactive sessions.

Industrial Tour to Rampura 230 KV/132 KV Substation and National Load Dispatch Center (NLDC) at Power Grid Bangladesh, PLC.

Thursday, May 29, 2025

On May 29, 2025, 87 engineering students from AIUB Faculty of Engineering gained invaluable practical experience through an industrial tour to Dhaka's National Load Dispatch Center (NLDC) and the nearby Rampura 230 KV/132 KV Substation. This trip was coordinated by Associate Professor Dr. Md. Hasan Imam and Professor Dr. Muhibul Haque Bhuyan.

While heavy rain unfortunately led to the cancellation of the substation visit due to electrical safety concerns, the NLDC portion of

the tour proved incredibly insightful. Students received detailed briefings on the workings of NLDC functionality, critical power grid stability issues, and the complex process of load distribution and control throughout Bangladesh. A highlight was the visit to the NLDC Control Room. Furthermore, senior engineers from the Power Grid Bangladesh PLC provided in-depth lectures on the planned 230/132 KV substation's operations and its key components.

Dissemination of the Research Papers Presented at the ICBIR 2025 and ICCIT 2024 Conferences by Faculty Members of FE

Thursday, May 29, 2025

Dr. Md. Ehasanul Haque (Sr. Assistant Professor & Head, IPE Dept.), Dr. Md. Rifat Hazari (Associate Professor & Special Assistant, EEE Dept.), and Dr. Md. Kabiruzzaman (Assistant Professor, EEE Dept.) presented their research at the 2025 10th International Conference on Business and Industrial Research (ICBIR 2025), held in Bangkok, Thailand. Their respective papers are titled “Enhanced Microhardness of Mild Steel due to Electrodeposition of Copper Controlled by Temperature and pH,” “Performance Analysis of Hybrid Power System with Wind Farms and Conventional Generators Under Fault Conditions,” and “Cooling Load Calculation for Optimized Agro-Product Preservation in Cold Storage Using Historical Weather Data.”

Additionally, Mr. Abu Shufian (Lecturer, EEE Dept.) presented his paper titled “Dynamic and Transformative Hybrid Machine Learning Strategies for Effective Stability Prediction in Smart Energy Networks” at the IEEE 27th International Conference on Computer and Information Technology (ICCIT 2024), held in Cox’s Bazar, Bangladesh.

On May 29, 2025, FE organized a Research Dissemination Seminar, which was inaugurated by Prof. Dr. Mohammad Abdul Mannan (Associate Dean, FE). During the seminar, the speakers shared key findings, research methodologies, and the potential implications of their work.

AIUB Team AeroHarvest Wins Gold Medal at WICE 2025 Bangladesh National Round

Friday, May 30, 2025

AIUB is proud to announce that a team of three students: Rayan Alam (Leader), Hasibul Hasan, and Abdullah Al Taieb, from the Department of Computer Science of the university achieved outstanding success in the 7th World Invention Competition and Exhibition (WICE) 2025 – Bangladesh National Round, held under the theme of innovation and research excellence.

The national round, organized by Dreams of Bangladesh, co-organized by TechAutocrats, and powered by IYSA, saw the participation of 99 teams across five competitive segments. Team AeroHarvest, representing AIUB in the Applied Life Science category, showcased their groundbreaking project titled "AeroHarvest:

Revolutionizing Agriculture with Aerial Crop Yield Prediction".

Team AeroHarvest secured the Gold Medal (Champion) in their category and secured the opportunity of representing Bangladesh at the international round of WICE 2025 to be held in Malaysia.
