CVES Launches Course on “RTL Design, Verification, Synthesis and PnR for Digital VLSI Design”

Sunday, October 5, 2025

AIUB inaugurated a new professional course titled “RTL Design, Verification, Synthesis and PnR for Digital VLSI Design” on October 5, 2025. Offered through a collaboration between the AIUB Institute of Continuing Education (AIUB ICE) and the Dr. Anwarul Abedin Institute of Innovation (D2A2I), the course aims to bridge academic learning with industry needs, preparing participants with specialized skills in advanced digital VLSI design.

The event began with an address by Dr. Shahriyar Masud Rizvi, Deputy

Director, CVES, and Associate Professor, EEE. Mr. Ataus Shafi, co-instructor and Physical Design Engineer, shared insights on the curriculum. Prof. Dr. A.B.M. Siddique Hossain, Dean, Faculty of Engineering, and Prof. Dr. Md. Abdur Rahman, Pro-Vice Chancellor and Founding Director, D2A2I, spoke on industry relevance. The ceremony concluded with remarks by Prof. Dr. Saiful Islam, Vice Chancellor, AIUB.

AIUB Participates at the Bangladesh Oxygen Summit 2025 Organized by icddr,b

Tuesday, October 7, 2025

On October 7, 2025, icddr,b hosted the Bangladesh Oxygen Summit 2025 at InterContinental Dhaka under the theme “National Roadmap to Safe, Affordable and Reliable Medical Oxygen for All.” The event united policymakers, scientists, development partners, and private sector representatives to advance universal oxygen access. Established in 2022 by icddr,b Scientist Dr. Ahmed Ehsanur Rahman, the Bangladesh Commission on Medical Oxygen Security includes 18 academic experts and 40 advisors working to ensure no one dies from oxygen shortage.

The innovation session featured technologies such as Bubble CPAP (icddr,b), OxyJet (BUET), Nishshash Ventilator (DIU), and a low-cost oxygen flow controller (AIUB). Dr. Mohammad Hasan Imam, Associate Professor, FE, AIUB, delivered a technical talk, and Md. Sayzar Rahman Akash, Research Assistant, CBR, D2A2I, presented a poster based on their IEEE Access publication. The summit concluded with a declaration recognizing medical oxygen as a human right.

AIUB at THE World Academic Summit 2025

Tuesday-Thursday, October 7-9, 2025

For the first time, the Times Higher Education (THE) World Academic Summit 2025 was held in the Middle East, in partnership with King Abdullah University of Science and Technology (KAUST), Saudi Arabia, from October 7 to 9, 2025. Mr. Ishtiaque Abedin, Founder Member, Board of Trustees, and Dr. Carmen Z. Lamagna and Ms. Dulce Lamagna, Members, Board of Trustees, AIUB, attended the Opening Ceremony. Representatives from AIUB joined global academic leaders and policymakers under the theme

“Universities as Agents of Progress, Innovation, and Global Leadership.”

Key speakers included Mr. Phil Baty, Chief Global Affairs Officer, THE, and H.E. Einas S. Al-Eisa, Vice-Minister of Education, Saudi Arabia. The event also featured the exclusive unveiling of the THE World University Rankings 2026 and a data masterclass highlighting emerging trends in global higher education.

AIUB Participates in Global Dialogue on Sustainability at THE World Academic Summit 2025

Wednesday, October 8, 2025

A session titled “Universities Powering Sustainability” was held at the Times Higher Education (THE) World Academic Summit 2025, moderated by Jane Robinson, Pro Vice-Chancellor of Engagement and Place, Newcastle University. Among the attendees was Dr. Carmen Z. Lamagna, Member, Board of Trustees and former Vice Chancellor, AIUB, highlighting AIUB’s commitment to advancing sustainability in higher education, particularly for climate-vulnerable nations like Bangladesh.

The panel featured Faye Bowser (Siemens), Hicham El Habti, President,

University Mohammed VI Polytechnic (UM6P), and Alan Shepard, President, Western University, Canada, focusing on practical solutions to integrate sustainability across university ecosystems. Though attending in a listening role, Dr. Lamagna was recognized for her pioneering leadership and advocacy for sustainability. The session concluded by emphasizing that universities play a critical role in educating leaders, pioneering solutions, and inspiring societal change toward a sustainable planet.

Empowering Women in Science: Catalyzing Global Innovation and Progress at THE World Academic Summit 2025

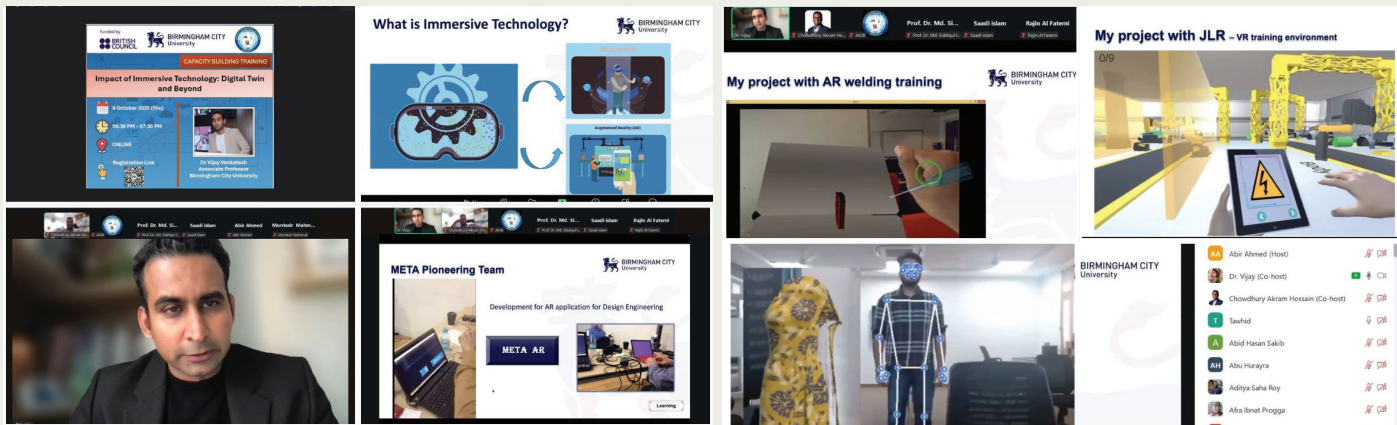

Wednesday, October 8, 2025

A session titled “Women Leading the Next Wave of Scientific Innovation” was held on October 8, 2025, at the Times Higher Education (THE) World Academic Summit 2025. The discussion highlighted the critical role of women in scientific discovery and societal progress. Dr. Carmen Z. Lamagna and Ms. Dulce Lamagna, Members, Board of Trustees, AIUB, participated, emphasizing AIUB’s commitment to gender equity, leadership, and inclusive innovation in higher education and research.

The fireside chat featured Professor Dana AlSulaimani, KAUST, and

Charlotte Coles, Director of Partnerships and Engagement, THE. Prof. Dana shared insights on minimally invasive biosensing technologies for early disease detection. The session addressed challenges faced by women scientists and called for gender-sensitive policies, targeted funding, and active sponsorship to advance careers. Quoting Professor Rose McKay, the session concluded that empowering women in science drives transformative change, benefiting innovation and society.

5th Capacity Building Training Session On ‘Impact of Immersive Technology: Digital Twin and Beyond.’

Thursday, October 9, 2025

On October 9, 2025, AIUB, in collaboration with Birmingham City University (BCU), UK, organized the 5th capacity-building training session on “Impact of Immersive Technology: Digital Twin and Beyond.” This session was part of the ongoing British Council-funded Transnational Education (TNE) Exploratory Grant initiative project titled “Developing an international professional certification program for digital manufacturing at AIUB.”

The session began with an opening address by Dr. Chowdhury Akram

Hossain, Associate Professor & Department Head, CoE, AIUB. The keynote speaker was Dr. Vijay Venkatesh, Associate Professor, BCU, UK.

An engaging Q&A session facilitated a rich exchange of ideas, where participants showed keen interest in the practical software tools and platforms used for developing VR and AR applications. The event concluded with a virtual token of appreciation presented to the keynote speaker by Dr. Md. Ehasanul Haque, Senior Assistant Professor & Department Head, IPE, AIUB.

Study Tour at “Spectra Solar Park Limited”

Thursday, October 9, 2025

On October 9, 2025, the Department of EEE, AIUB, in collaboration with the IEEE AIUB Student Branch, organized a field trip to Spectra Solar Park Limited, Patuira, Shibalo, Manikganj. The program began with an inaugural session led by Mr. Mohammad Monirozzaman, Plant Manager, Spectra Solar Park Limited, who introduced participants to renewable energy operations using photovoltaic panels, substation systems, and their role in sustainable power generation and CO₂ reduction. An interactive Q&A followed.

Participants then toured the facility, observing panel connections, maintenance schemes, power transformers, switchgears, and grid-tied inverters. A token of appreciation was presented to Mr. Monirozzaman and Spectra officials for their support. The study tour included 25 selected participants, mostly IEEE Student Members, accompanied by Dr. Gour Chand Mazumder and Dr. Effat Jahan, Assistant Professors, FE, AIUB.

Celebration of Capstone Project Completion: Summer 2024-25

Sunday, October 12, 2025

On October 12, 2025, the AIUB Community of Engineering Students (ACES) organized a “Celebration of Capstone Project Completion” for the Summer 2024–25 semester, supported by the Faculty of Engineering (FE), AIUB. The event marked the successful completion of students’ capstone projects, showcasing months of innovation, teamwork, and applied engineering practice.

Twenty-one groups presented their projects before supervisors and external judges, followed by a poster session evaluated by industry experts, including Ms. Moon Sadia Dipthee (ULKASEMI), Mr. Kazi Hassan Ferdous

(Grameenphone Ltd.), Mr. Ashique Ibni Aziz (Robi Axiata PLC), Mr. Abu Syed Shakil Ahmed (Accordance Solution & Devartisans), and Mr. Md. Shafieur Rahaman (iBMS Technology Bangladesh Ltd.). Awards for Best Project and Best Poster were presented by Prof. Dr. Saiful Islam (Vice Chancellor), Prof. Dr. Md. Abdur Rahman (Pro-Vice Chancellor), Prof. Dr. Md. Abdul Mannan (Associate Dean, FE), Prof. Dr. Md. Saniat Rahman Zishan (Director, FE), Mr. Nafiz Ahmed Chisty (Associate Professor and Head, EEE), and Dr. Md. Ehasanul Haque (Associate Professor and Head, IPE).

AIUB Team Wins Gold Medal for Bangladesh in WYIIA 2025, Indonesia

Tuesday-Friday, October 14-17, 2025

AIUB proudly announces the outstanding international achievement of students from the Department of Computer Science, who represented Bangladesh at the World Youth Invention and Innovation Award (WYIIA) 2025, organized by the Indonesian Young Scientist Association (IYSA) in Surabaya, Indonesia, from October 14–17, 2025. The event hosted 355 teams from 16 countries, including Bangladesh, Hong Kong, Canada, South Korea, and Malaysia.

The AIUB team earned two major distinctions — Gold Medal in the

Technology Category and the IYSA Semi Grand Award. Team members included Rayan Alam (Leader), Hasibul Hasan, and Md. Mehedi Hasan Ratul. Their project used drone-based imaging and machine learning to estimate rice yields early, helping farmers make data-driven decisions. The project was supervised by Dr. Ebad Zahir, Associate Professor, Department of EEE, AIUB.

AIUB Students Recognized at Bangladesh ICT and Innovation Network

Saturday, October 18, 2025

A student team, Tech Wing - comprising of Kiyas Mahmud, Md. Maruf Hossain Munna and Syeda Shakira Akter, from the Department of Computer Science, AIUB, have been honored with an Award in the “Business Services” category (Student Division) at the Bangladesh ICT and Innovation Awards 2025 for their project “Hybrid Fraud Shield”.

The award ceremony took place on October 18, 2025, at Independent University, Bangladesh (IUB), celebrating outstanding technological innovations and visionary projects from across the country.

Supervised by Prof. Dr. Afroza Nahar and Ms. Nuzhat Tabassum, Assistant Professor, Department of Computer Science, the project uses Artificial Intelligence to detect and prevent online financial fraud in real time.

The team has also been selected to represent their project at the Asia Pacific ICT Alliance (APICTA) Awards 2025, showcasing their innovation on the international stage, from 4th to 8th December 2025.

AIUB will Host one of the National Semiconductor Training Centers under CREST

Tuesday, October 28, 2025

Bangladesh has taken a defining step toward its semiconductor future with the launch of the Center of Research Excellence in Semiconductor Technology (CREST), conceived and led by Non-Resident Bangladeshis (NRBs) to strengthen the nation's technological sovereignty.

Established under BASICS and aligned with the BEAR Summit vision, CREST aims to position Bangladesh as a Silicon River of innovation and global collaboration. Supported by Neural Semiconductor Ltd. and two global leaders, its first year includes 9 graduate fellowships from 7 universities — BUET, University of Dhaka, North South University, BRAC University, United International University, University of Asia Pacific, and East West University — guided by 9 faculty mentors and linked with UC Berkeley, Purdue University, and others.

The initiative also features 6 national training centers at AIUB, BUET, DU, IUT, MIST, and UIU to train 120 professionals. As part of this nationwide effort,

AIUB will host one of the CREST national training centers, supported by its active semiconductor research environment and strong industry collaborations.

Nurturing Academic Innovation and Inquiry: Proceedings of the Seventh FBA Research Proposal Session

Thursday, October 30, 2025

The Faculty of Business Administration (FBA) Research Cell organized its sixth session of the Research Proposal Presentation Series on October 30, 2025. The session featured Dr. Mohammad Kamrul Hasan, Associate Professor, Department of Finance, who presented his second research proposal under the ongoing initiative aimed at fostering a culture of impactful academic inquiry among faculty members.

Dr. Hasan's presentation delved into an emerging area of financial research that explores how technology-enabled financial systems can promote greater

inclusion and sustainable economic progress.

Prof. Dr. Anwar Hossain, the Honorable Dean of FBA, graced the session with his presence and shared valuable feedback with the participants.

The session was further enriched by the presence of distinguished guests from the Bangladesh Institute of Capital Market (BICM), along with Dr. Kazi Tanvir Mahmud, Associate Professor of Economics, AIUB. Their participation added valuable perspectives to the discussion.
