Job Post: Senior Data Analyst (Monitoring & Compliance)

Salary: Negotiable

Location: Gulshan, Dhaka

Work Days: Saturday–Thursday

Role Summary:

Seeking an experienced Senior Data Analyst to monitor merchant activity, analyze POS and transaction data, identify anomalies, and support compliance coordination with stakeholders.

Key Responsibilities:

* Collect, validate, and analyze merchant/transaction data

* Monitor inactive/low-performing merchants

* Conduct data audits and generate performance dashboards

* Identify non-compliance cases and support enforcement

* Verify BIN, address, and activity status; share datasets with NBR

Requirements:

* 2–3 years' experience in data analysis/monitoring/compliance

* Strong Excel/Google Sheets skills; Power BI/Tableau preferred

* SQL knowledge is an advantage

* Strong analytical and reporting skills

Deliverables:

* Weekly performance reports

* Verified merchant datasets

* Dashboards and issue logs
